Introduction	1
1.1 Background	1
1.2 Study Area	1
1.3 Terms of Reference	4
1.4 Sources of Information	7
1.5 Consultation	7
The Great Barrier Reef World Heritage Area and its Value	8
2.1 Location and Description	8
2.2 Biogeographic Regionalisation of the World Heritage Area	9
2.3 Value of the World Heritage Area	10
Coastal Development Adjacent to the World Heritage Area	23
3.1 Introduction	23
3.2 Regional Overview	23
3.3 Conclusions	32
Activity–Impact Linkages	36
4.1 Introduction	36
4.2 Impacts that need to be Considered	37
4.3 Evidence of Impacts	41
4.4 Implications for Coastal Urban Development	49
Mechanisms for Avoiding or Managing Impacts on the World Heritage Area	50
5.1 Introduction	50
5.2 Roles and Activities of Government Agencies	50
5.3 Roles and Activities of Non-government Organisations	59
5.4 Integrated Approaches to Management	60
5.5 Conclusions	62
Findings and Recommendations	64
6.1 Introduction	64
6.2 Priority Issues	64
6.3 Recommended Projects	70
Selected Bibliography	93
Appendixes	
Appendix 1 Details of Consultation	A3
Appendix 2 Summary of Natural Heritage Attributes of the Great Barrier Reef World Heritage Area	A5
Appendix 3 Ecosystem Values and Management Needs	A11
Appendix 4 Maps of Coastal Regions	A14
