PREFACE	v
EXECUTIVE SUMMARY	vi
PART A: WORKSHOP PAPERS	
Graeme Kelleher	Opening Address 1
Claudia Baldwin, Peter McGinnity, Grahame Byron	Waste Discharge in the Great Barrier Reef Marine Park 3
Robert A. Craswell	Waste Discharge Controls under the Clean Waters Act 11
Alan Mitchell	River Inputs of Nutrients 16
D.P. Johnson and R.M. Carter	Sedimentary Evidence on the Seaward Limits of Suspended Materials from Rivers 23
D.M. Alongi	Benthic Nutrient Regeneration in the Central Great Barrier Reef Region 27
Brian Prove	Soil Erosion Research in Cane Fields on the Wet Tropical Coast of North-East Queensland 30
Kevin Boto, J.T. Wellington, and A.I. Robertson	Nutrient Status of Mangrove Systems and Some Possible Effects of Extraneous Inputs 33
Phillip R. Cosser	Phosphorus Loading to the Northern Great Barrier Reef from Mainland Runoff 39
Eric Wolanski and Brian King	Predicting the Movement of Nutrients in the Great Barrier Reef 44
Miles J. Furnas	Water Column Nutrient Processes in Great Barrier Reef Waters 45
Donald W. Kinsey	Responses of Coral Reef Systems to Elevated Nutrient Levels 55

Cecily Rasmussen	Effects of Nutrients carried by Mainland Run-off on Reefs of the Cairns Area: A Research Plan and Preliminary Results	66
Janice Morrissey	Nutrient History of the Great Barrier Reef Aquarium	92
D.W. Connell and D.W. Hawker	Tolerance of Corals to Nutrients and Related Water Quality Characteristics	97
Peter R. Bell and Paul F. Greenfield	Monitoring Treatment and Management of Nutrients in Wastewater Discharges to the Great Barrier Reef Marine Park	115
W. Richards, D. Harris and A. Gibson	Algal Overgrowth: Does It Relate to Nutrients from Tour Vessels and Pontoons	127
Leon Zann	A Case History from Tonga	132
M.J. Risk, H.P. Schwarcz, P.W. Sammarco and Y. MacNeil	Preliminary Report of a Terrestrial Component in the Diets of Barrier Reef Corals: Implications for Reef Destruction and Reef Management	142
Graham B. Jones	Nutrient Input in Cleveland Bay	153
D. McConchie	Nutrient Transport by Inorganic Colloids	161
Donald W. Kinsey	Summary of First Day's Proceedings.	172

PART B: WORKING GROUPS

Working Groups: Guidelines for Discussion	175
Working Group Participants	175
Working Group Report on Great Barrier Reef Region	176
- D. Connell and G. Byron	
Working Group Report on Green Island	179
- L. Zann and J. Day	
Working Group Report on Whitsunday Islands Area	183
- C. Baldwin and P. McGinnity
