

11.0 ACKNOWLEDGEMENTS

This project was funded by the Great Barrier Reef Marine Park Authority.

I would like to thank all the people of the Hopevale and Lockhart River Aboriginal communities who assisted me in my work; especially Bernie and Doreen Hart, who opened their house to me at Hopevale for such an extended stay.

Thanks are also due to the following people:

- my supervisors Dr H. Marsh and Dr J. Taylor;
- my associate supervisors Dr J.T. Baker (my initial supervisor) and A.Prof. D. Hopley;
- Dr J. Haviland (Reed College) and Dr L. Devereaux (ANU) for their assistance with the language material and historical information for Hopevale;
- Dr C. Limpus (QNPWS) for analysing the turtle specimens;
- Dr R.E. Johannes (CSIRO) for assistance in setting up the project and continued support;
- Ms J. Lanyon for seagrass analysis;
- Rev. D. Thompson for supplying fish names in the Lockhart River dialects;
- the Queensland Museum for identifying molluscs;
- Mr K. Saalfeld for drawing the maps.
- Prof B. Rigsby and Dr D. Smyth for their comments on the draft report.
