Contributed Papers

Recent climate variation on the Great Barrier Reef JM Lough	7
Long-term current observations in the Great Barrier Reef D Burrage, C Steinberg, L Bode and K Black	21
River inputs of nutrients and sediment to the Great Barrier Reef M Furnas, A Mitchell and M Skuza	46
The water quality status of the Great Barrier Reef World Heritage Area J Brodie	69
Decadal changes in community structure in Great Barrier Reef coral reefs TJ Done, LM DeVantier, E Turak, L McCook and K. Fabricius	97
The biological status of fringing reefs in the Great Barrier Reef World Heritage Area A Ayling	109
Long-term dynamics of reef crest corals on Heron Island: 1960s to 1990s JH Connell, TP Hughes and CC Wallace	114
The current status of sessile benthic organisms on the Great Barrier Reef K Osborne, R Ninio and H Sweatman	124
Long-term trends in the status of coral reef-flat benthos - The use of historical photographs DR Wachenfeld	134
Centuries-long records of coral growth on the Great Barrier Reef JM Lough and DJ Barnes	149
Crown-of-thorns starfish (<i>Acanthaster planci</i>) populations in the Great Barrier Reef World Heritage Area: status report 1995-96 U Engelhardt, I Miller, BR Lassig, HPA Sweatman and D Bass	158
Status of seagrasses in the Great Barrier Reef region WJ Lee Long and RG Coles	185
The state of the algae on the Great Barrier Reef: what do we know? L McCook and IR Price	194
The status of reef fishes on the Great Barrier Reef H Sweatman, A Thompson and A Cheal	205

Long-term trends in reef fish abundance in the Great Barrier Reef World Heritage Area A Ayling	223
Long-term monitoring of reef fishes: effects of crown-of-thorns starfish D McB. Williams (Abstract only)	228
The status of the dugong in the Great Barrier Reef Marine Park H Marsh and P Corkeron	231
Crocodiles in the Great Barrier Reef World Heritage Area JD Miller and IP Bell	248
Marine turtles of the Great Barrier Reef World Heritage Area CJ Limpus	256
Current status and trends of seabirds on the Great Barrier Reef K Hulsman, P O'Neill and T Stokes	259
The status of cetaceans in the Great Barrier Reef Marine Park P Corkeron	283
Mangroves in the Great Barrier Reef World Heritage Area: current status, long-term trends, management implications and research NC Duke	288
Floristic analysis of the Great Barrier Reef continental islands, Queensland GN Batianoff and HA Dillewaard	300
Status of inter-reefal benthos in the Great Barrier Reef World Heritage Area CR Pitcher	323
Fishing club activities on the Great Barrier Reef J Higgs	335
Reef fish fisheries in the Great Barrier Reef World Heritage Area M Elmer	346
Queensland east coast trawl fisheries T Healy	352
Status of the Great Barrier Reef World Heritage Area: estuarine and inshore fisheries HL Gwynne	363
Pelagic fishes G McPherson	366
Crustacean resources (other than prawns) in the Great Barrier Reef World Heritage Area IW Brown	375
The management of fisheries in the Great Barrier Reef Marine Park J Robertson	395

Penaeid prawn stocks NA Gribble	402
Tourism impacts Z Dinesen and J Oliver	414
Quality reef tourism: building a web of strategic knowledge G Moscardo, P Pearce, B Woods, L Murphy and G Ross	428
Monitoring activities in the Great Barrier Reef World Heritage Area, challenges and opportunities D Benzaken and J Aston	452
Values do matter: managing cultural and social diversity leads to better protection D Benzaken (Abstract only)	469
A long way together: the recognition of indigenous interests in the management of the Great Barrier Reef World Heritage Area D Benzaken, G Smith and R Williams	471
Recognition of Aboriginal maritime culture in the Great Barrier Reef Marine Park: an evaluation D Smyth	496
Reef use and values: knowledge about visitor experiences in the Great Barrier Reef World Heritage Area P Valentine (Abstract only)	502
Managing catchments to minimise downstream effects C Creighton, P Rowland and S Capon	503
Day-to-day management of the Great Barrier Reef World Heritage Area: 'management at the crossroads' J Day, D Walter, I Burston and J Baldwin	522
Legislation protecting the Great Barrier Reef World Heritage property? S Sparkes	536
Planning for the Great Barrier Reef Marine Park P McGinnity	554
