

9. ACKNOWLEDGEMENTS

Information and help for this report have been provided by many people. In particular, Drs R.C. Smith of UCSB, R.A. Neville of CCRS, V. Klemas and S.G. Ackleson of the University of Delaware and H.R. Edel of the Canada Department of Fisheries and Oceans. Dr T.T. Alföldi of CCRS read and commented most helpfully on the initial draft, as did Steve Ackleson of the University of Delaware. Jenny Bolton of CSIRO Division of Water and Land Resources provided much bibliographic assistance. Drs Dave Carpenter and D.M. Phillips gave useful technical reviews of the submitted report and Tim Kahn of GBRMPA provided a comprehensive review of the readability of the report. Thanks are extended to all who gave their time and help.
