

## ACKNOWLEDGMENTS

The Great Barrier Reef Marine Park Authority would like to thank all workshop participants for making the workshop successful. Thank you also to those who were unable to attend but offered their support. In particular we would like to thank Kath Shurcliff for chairing the workshop and Marc Hocking, Dr David Lawrence, Dr Wendy Craik and Simon Woodley for their valuable assistance in acting as facilitators at the workshop. The efforts of the guest speakers: Terry Walker, Dr Peter Dann, Erna Walraven, Peter Brookhouse, Gideon Schuman and Reg Oxley, some of whom prepared high quality presentations at very short notice, are greatly appreciated.

Thank you also to Geoffrey Smith for submitting material despite being unable to attend and to the Victorian Department of Conservation and Environment for providing their excellent training video, State contingency plan and information leaflet. Special thanks must go to Jennifer Lash for her extra efforts in preparing and editing the workshop proceedings.

The principal organiser of the workshop was Steve Raaymakers of the Great Barrier Reef Marine Park Authority. Further information on any aspect of this report, of the workshop, or on oil spills in the Great Barrier Reef Region in general may be obtained from:
