## METHODS OF PRESENTATION

---

The additions and revisions which follow are intended as a supplement to the checklist of Russell (1983); presentation and format follows that work. New species and family records for the Capricornia area are marked with an asterisk. Revised names are followed by an abbreviated synonymy which includes the original citation and any other names under which the species was previously recorded from the area (reference indicated by a dash between the species name and author).

Museum registration numbers referred to herein are prefixed by institution and abbreviated as follows: AMS - Australian Museum, Sydney; QM - Queensland Museum, Brisbane.
