
9 ACKNOWLEDGMENTS

We gratefully acknowledge the Great Barrier Reef Marine Park Authority for funding this project. We thank Geoff Kelly for the use of the drawings in figure 3; Paul Fisk, Kathy Means, Neil Boland, Dale McDonald, Mark Earney and others for help in the field. Hayles Pty Ltd gave concessions on their launches, and Queensland National Parks and Wildlife Service (Cairns) assisted with boats several times. Queensland Fisheries Service allowed the use of their storage shed at Green Island, and Nigel Pennington and Jenny Laird provided good liaison with James Cook University.
